

FEI/WBFSH Guidelines for the World Breeding Championship for Young Dressage Horses (CH-M-D YH):

11 April 2016

Updated 09 June 2016

I. GENERAL:

1. The World Breeding Championship for Young Dressage Horses will be organised under FEI Rules in cooperation with the World Breeding Federation for Sport Horses (WBFSH). Entries can only be made by NFs but the selection procedure shall be agreed upon by the respective NF in close cooperation with the WBFSH member studbook in the respective country.

The selected **5 and 6 year old** horses must have shown results of at least 75%; **the 7 year old horses a total score of at least 70%** in a selection procedure in appropriate Young Horse Classes at national level (**CDIs also counting**). The result has to be confirmed with the entry by the nominating NF. Horses are only allowed to take part in a selection procedure of one country and not more.

2. a) The general principle is that only those NFs with a WBFSH member studbook in their country may nominate horses.
b) An exception to the rule 2.a) can be made by the FEI for NFs if
 - the athlete represents the sports nationality of the nominating NF and
 - the horse belongs to a WBFSH member studbook and is owned by a person holding the same nationality as the nominating NF. The horse can only be selected if the horse has taken part in a selection procedure of the nominating NF, provided that the horse's studbook of origin gives its approval.
3. a) The general principle is that NFs will enter horses that have a pedigree of a national studbook which is a member of the WBFSH. The studbook must be recognized and based in that respective country.
b) An exception to the rule 3.a) may only be made in exceptional circumstances and upon application.

4. The number of horses which may be entered by an NF in each class (i.e. five, six and seven year old) is as follows:

- Germany 7
- The Netherlands 6
- Denmark 4
- Sweden 4

All other NFs may enter up to two member horses in each class if there is a WBFSH member studbook within the country of the nominating NF. The rest of the world, with no member studbook, may enter max. one horse. The age of Horses is counted from 1st January of the year of birth (1st August for Southern Hemisphere).

5. As an exception to the FEI General Regulations, NFs may enter athletes of a different nationality provided the athlete's NF will give its approval. The combination of this exception with exception number 3 b) is not allowed.
6. Wildcards:
 - NFs may apply for wildcards only for horses that are registered in member studbooks of the territory of the nominating NF and are trained abroad. These horses must have shown results of at least 75% in a selection procedure in accordance with I "General". Wildcard applications must be made in close cooperation between the NF and the WBFSH member studbook in the nominating country.
 - Exceptions to this rule will only be considered for horses with a pedigree (showing at least three full generations) of a studbook which has not been a member of the WBFSH and whose activity does not extend over a country in which a WBFSH member already exists. The exception will be made only once.
 - The number of wildcards depends on the total number of horses entered - a maximum number of 40 horses per age group is desirable. In case there are more than 40 entries no wildcards will be allocated.
 - Wildcards will be decided by the FEI in close cooperation with the WBFSH, the OC's NF and the OC.
 - Wildcards will be assigned in the following proportions: GER max 3, NED max 2, and all other NFs max 1.
 - Only wildcard requests from NFs will be considered; requests received from individuals will immediately be refused.
 - Wildcards will apply to specific horses only and will not be subject to substitution by NFs.
 - Only the OC in close cooperation with the OC's NF, the FEI and the WBFSH may allow substitutions.
 - Wildcards cannot be assigned to horses that have taken part in national selection trials unless the nominating NF is in agreement.
 - The final decision regarding entries, wildcards and substitutions will be taken by the FEI in cooperation with the WBFSH.
7. In the Final competition of each class, no NF may have more horses than the number of places originally allocated excluding wildcards (i.e. GER 7, NED 6, DEN 4, SWE 4, other NFs 2).
8. Each athlete may start a maximum of two horses in each class including the Final competition in each age group.
