THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
- 5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: www.fei.org.

VI. INVITATIONS

CH-EU-D YH:

Foreign athletes are invited by the Organising Committee through their NF.
One groom per athlete.

1. The World Breeding Championship for Young Horses in Dressage will be organised under FEI Rules with the support of the World Breeding Federation for Sport Horses. The selection procedure will be decided by the relevant National Federations in cooperation with the breeding organisation(s) in their country. The horses must have shown results of at least 68% in a selection procedure in appropriate Young Horse Classes at national level. The result has to be confirmed with the entry by the nominating NF. Horses are only allowed to take part in a selection procedure of one country and not more.

2. a) The general principle is that only NFs may nominate horses if there is a WBFSH member studbook within the country of that respective NF.
b) An exception to the rule 2.a) can be made for NFs, if
 - the athlete is an athlete with the nationality of that respective NF and
 - the horse is a horse of a WBFSH member studbook and owned by a person of the respective NFs country and
 - the (origin)studbook of the horse and the NF of that respective country, where the horse/athlete-combination is training, support the nomination.
3. a) The general principle is that NFs will enter horses that have a pedigree of a national studbook, which is a member of the WBFSH and whose seat is within the field of activity inside the respective NF.
b) An exception to the rule that horses have a pedigree of a studbook which is a member of the WBFSH and whose seat is within the field of activity inside the respective NF, will be made in 2013.
4. The number of horses which may be entered by NFs in each class (i.e. five and six year old) is as follows:
 - Germany 7
 - The Netherlands 6
 - Denmark 4
 - Sweden 4

All other accredited NFs may enter up to two horses in each class, if there is a WBFSH member studbook within the country of that respective NF. All other accredited NFs may enter one horse in each class.

The age of Horses is counted from 1st January of the year of birth (1st August for Southern Hemisphere), i.e. in 2013 the following horses may participate:

5 year old horses, born in the Northern Hemisphere:

must have been born between 1st January 2008 and 31st December 2008

6 year old horse, , born in the Northern Hemisphere:

must have been born between 1st January 2007 and 31st December 2007

5 year old horses, born in the Southern Hemisphere:

must have been born between 1st August 2007 and 31st July 2008

6 year old horse, , born in the Southern Hemisphere:

must have been born between 1st August 2006 and 31st July 2007

5. As an exception to the FEI General Regulations, NFs may enter athletes of a different nationality provided the athlete's NF will give its approval. The combination of this exception with exception number 3 b) is not allowed.
6. Wildcards:
 - NFs may apply for wildcards only for horses that are registered in member studbooks of the territory of the respective NF and are trained abroad. These horses must have shown results of at least 75% in a selection procedure in accordance with 1.
 - Exceptions to this rule will be considered for 2013 only for horses with a pedigree (showing at least three full generations) of a studbook, which has not been a member of the WBFSH and whose field of activity does not extend over a country in which already a WBFSH member exists. The exception will be made only once.
 - The number of wildcards depends on the total number of horses entered - a max. number of 50 horses per age group will be admitted.
 - Wildcards will be decided by the WBFSH and the FEI in close cooperation with the OC's NF and the OC.
 - Wildcards will be assigned in the following proportions: GER max 3, NED max 2, and all other NFs max 1.

- Only wildcard requests from NFs will be considered; requests received from individuals will directly be refused.
 - Wildcards will apply to specific horses only and will not be subject to substitution by NFs.
 - Only the OC in close cooperation with the OC's NF and the FEI may allow substitutions.
 - Wildcards cannot be assigned to horses that have taken part in national selection systems, unless the respective NF agrees.
 - The final decision regarding wildcards and substitutions will be decided by the WBFSH and the FEI. No further appeal against this decision will be allowed.
7. In the Final competition of each class, no NF may have more horses than the number of places originally allocated excluding wildcards (i.e. GER 7, NED 6, DEN 4, SWE 4, other NFs 2).
8. Each athlete may start a maximum of two horses in each class including the Final competition in each age group.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS PRIZE MONEY

Distribution of Prizes and Indemnities

All prize money and all prizes in kind rewarded instead of prize money as well as reimbursements (e. g. transport charges, travelling expenses) will be distributed acc. to FEI-RG Art. 127/128 following the last competition at the latest. The scheduled prizes are gross amounts.

Settlement will be done per athlete. Depending on the agreement with the horse owner, each athlete binds himself to pass on to the horse owners the prize money or prizes in kind rewarded instead of prize money. The organizer is allowed to deduct possibly outstanding debts of the athlete. Acc. to § 50a EstG this also applies to foreign horse owners. After having deducted the VAT from the prize money or prizes in kind rewarded instead of prize money, as a rule the following income tax will be due: no taxes up to 250 EUR, 15 % exceeding 250 EUR (in force as of 01.01.2009); plus solidarity fee (at present 5.5 %) of the income amount. Travelling expenses being taken over or reimbursed are only regarded as revenues if they exceed the actual costs and the reimbursement for additional meal allowances acc. to § 4 Abs. 5 Satz 1 Nr. 5 EstG. The tax deduction has to be certified on demand. Those foreign athletes being exempted from tax deduction are kindly asked to submit an exemption certificate either with the entry or on the first show day at the latest. Every athlete himself is responsible for the correctness of the details he submits.

If Athletes have to be placed equally, the money value of possible prizes in kind (e. g. a car) is divided accordingly.

DRESSAGE

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. If fewer athletes take part in a Competition than the number of prizes indicated in the schedule, the President of the Ground Jury is responsible for recalculating the prize money to be distributed. The value of the 1st prize must not exceed 1/3 of the total prize money distributed for the competition. Distribution of prize money - min. 5 if less than 20 athletes in the competition, distributed to 25 % of participants. (GR Art 127)

JUMPING

The total amount of prize money shown for each Competition in the schedule must be distributed. (GR Art 127, 128)

For details of the Breakdown for each competition please refer to the tables at the end of this document; the OC must specify which of the two tables will be used. The total prize money for the competition must be distributed among the first 12 placed athletes. The OC must provide additional created prizes for athletes placed beyond 12th place. The minimum amount for each of these additional prizes, for athletes placed from 13th to last place, must be clearly specified in the approved schedule.

IMPORTANT

Maximum Number of starters per competition: 100.

If more than 100 starters are entered, the OC must split the class and provide the equivalent amount of prize money for the additional Competition. OCs may apply either of the following methods for splitting the Competition:

The competition is split into two groups before it starts. There may be a different number of starters in each group. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group.

OR

The competition is run as one single competition and split afterward into two groups and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the two groups, e.g. results for Competition 1a and for Competition 1b.*

In both cases above each group must offer the same amount of prize money as indicated for the original Competition.

IMPORTANT

Prize Money Distribution:

Please specify under each Competition which of the two charts you will be using for the distribution of the Prize Money (Chart 1 or Chart 2).

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

Standardised prize money distribution

Annex I FEI Entry System

The FEI Entry System will be deployed gradually starting 1st January 2013, involving in the beginning some pilot NFs. The concerned NFs have already been contacted by the FEI IT Department. The full deployment of the FEI Entry System is expected by July 2013.

The calendar of selected events for the gradual launch of the FEI Entry System can be found on our website : (weblink).

The FEI Entry System for FEI Events will be mandatory starting in 2013 for all FEI events.

FEI Entry system is a key process in sport that involves all event stakeholders: National federations, Organising committees and the FEI

This new service for the national federations and the OCs improves exchange, communication between the OC and the invited federations and gives a better quality and traceability of the data.

All information regarding the FEI Entry System like tutorials videos, FAQ and other useful links and documents can be find on our website by following this link:
